To the Class of 1953:

In writing this farewell message, I want to wish you the best of everything in the years to come. Our school has tried to give you a good background for the sort of life you are planning. If you succeed in your endeavors, we as teachers will feel a sense of pride in you. If you fail you will reflect unfavorable criticism upon yourselves as well as your teachers, even though you may not intend that to be the case.

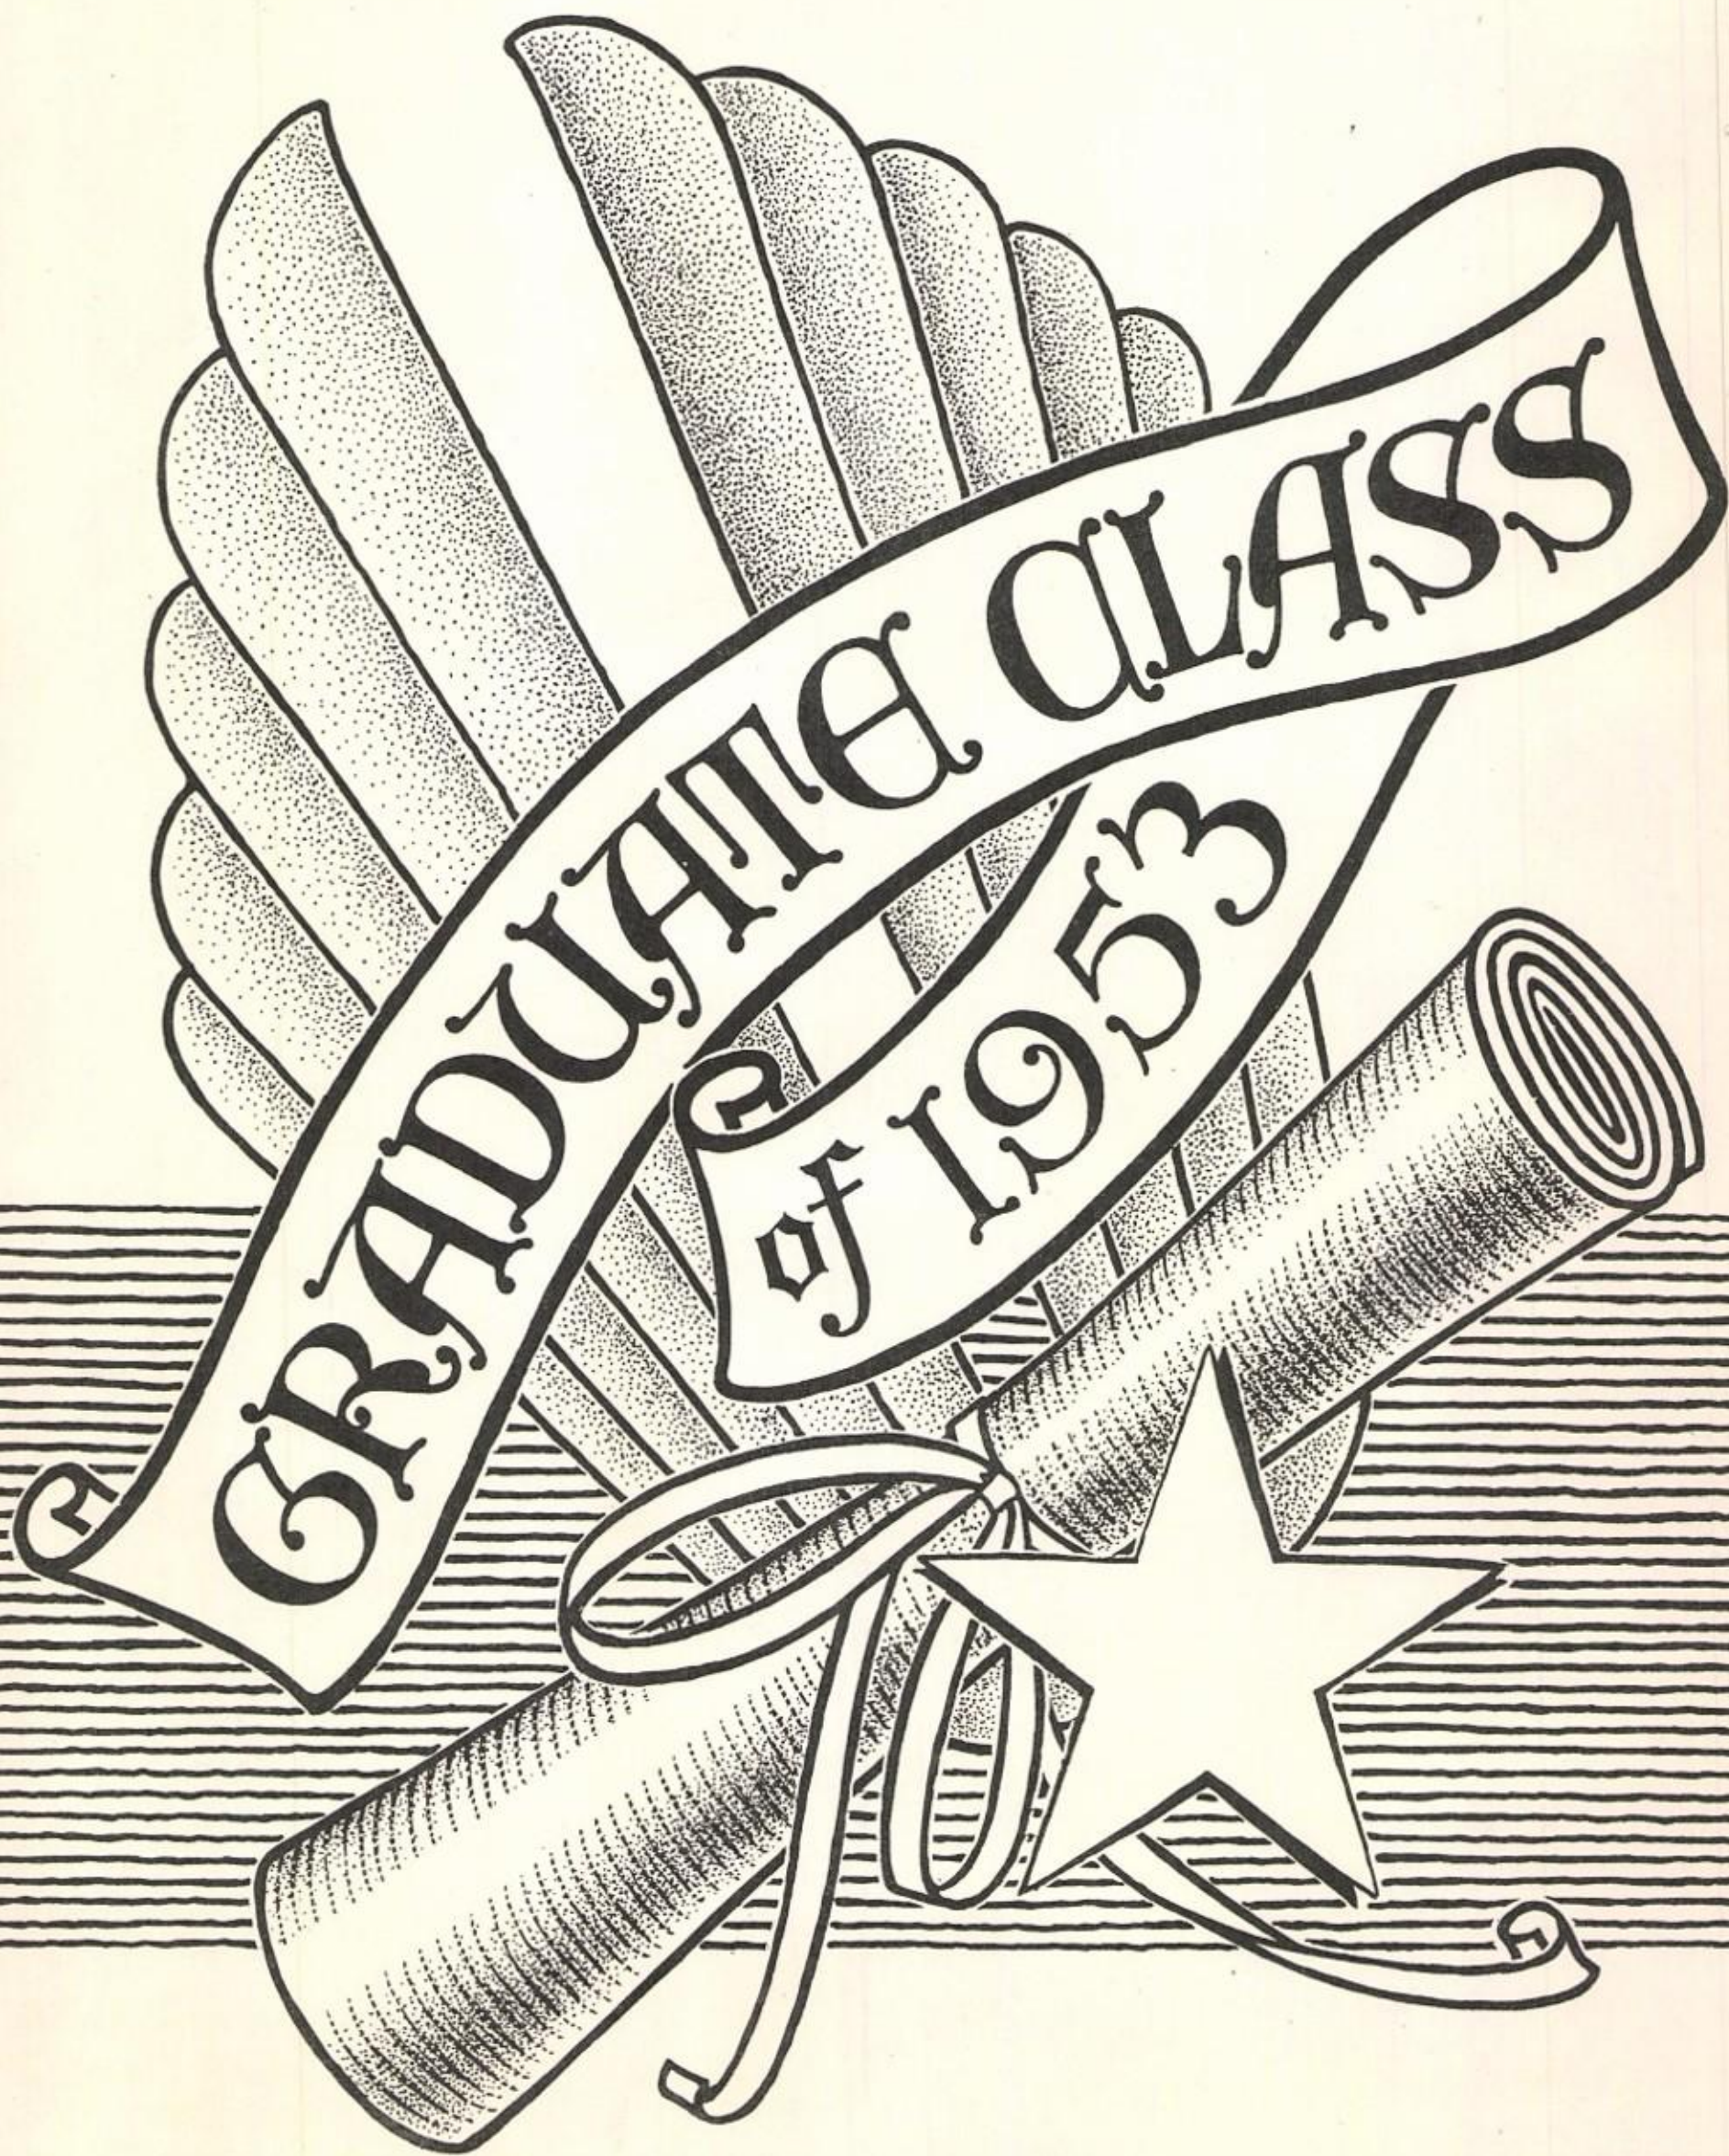

A large number of you are going on with education. We think you are adequately prepared. Some are going into service with Uncle Sam. We hope good fortune will be yours until the world is again at peace. The others will go directly to work

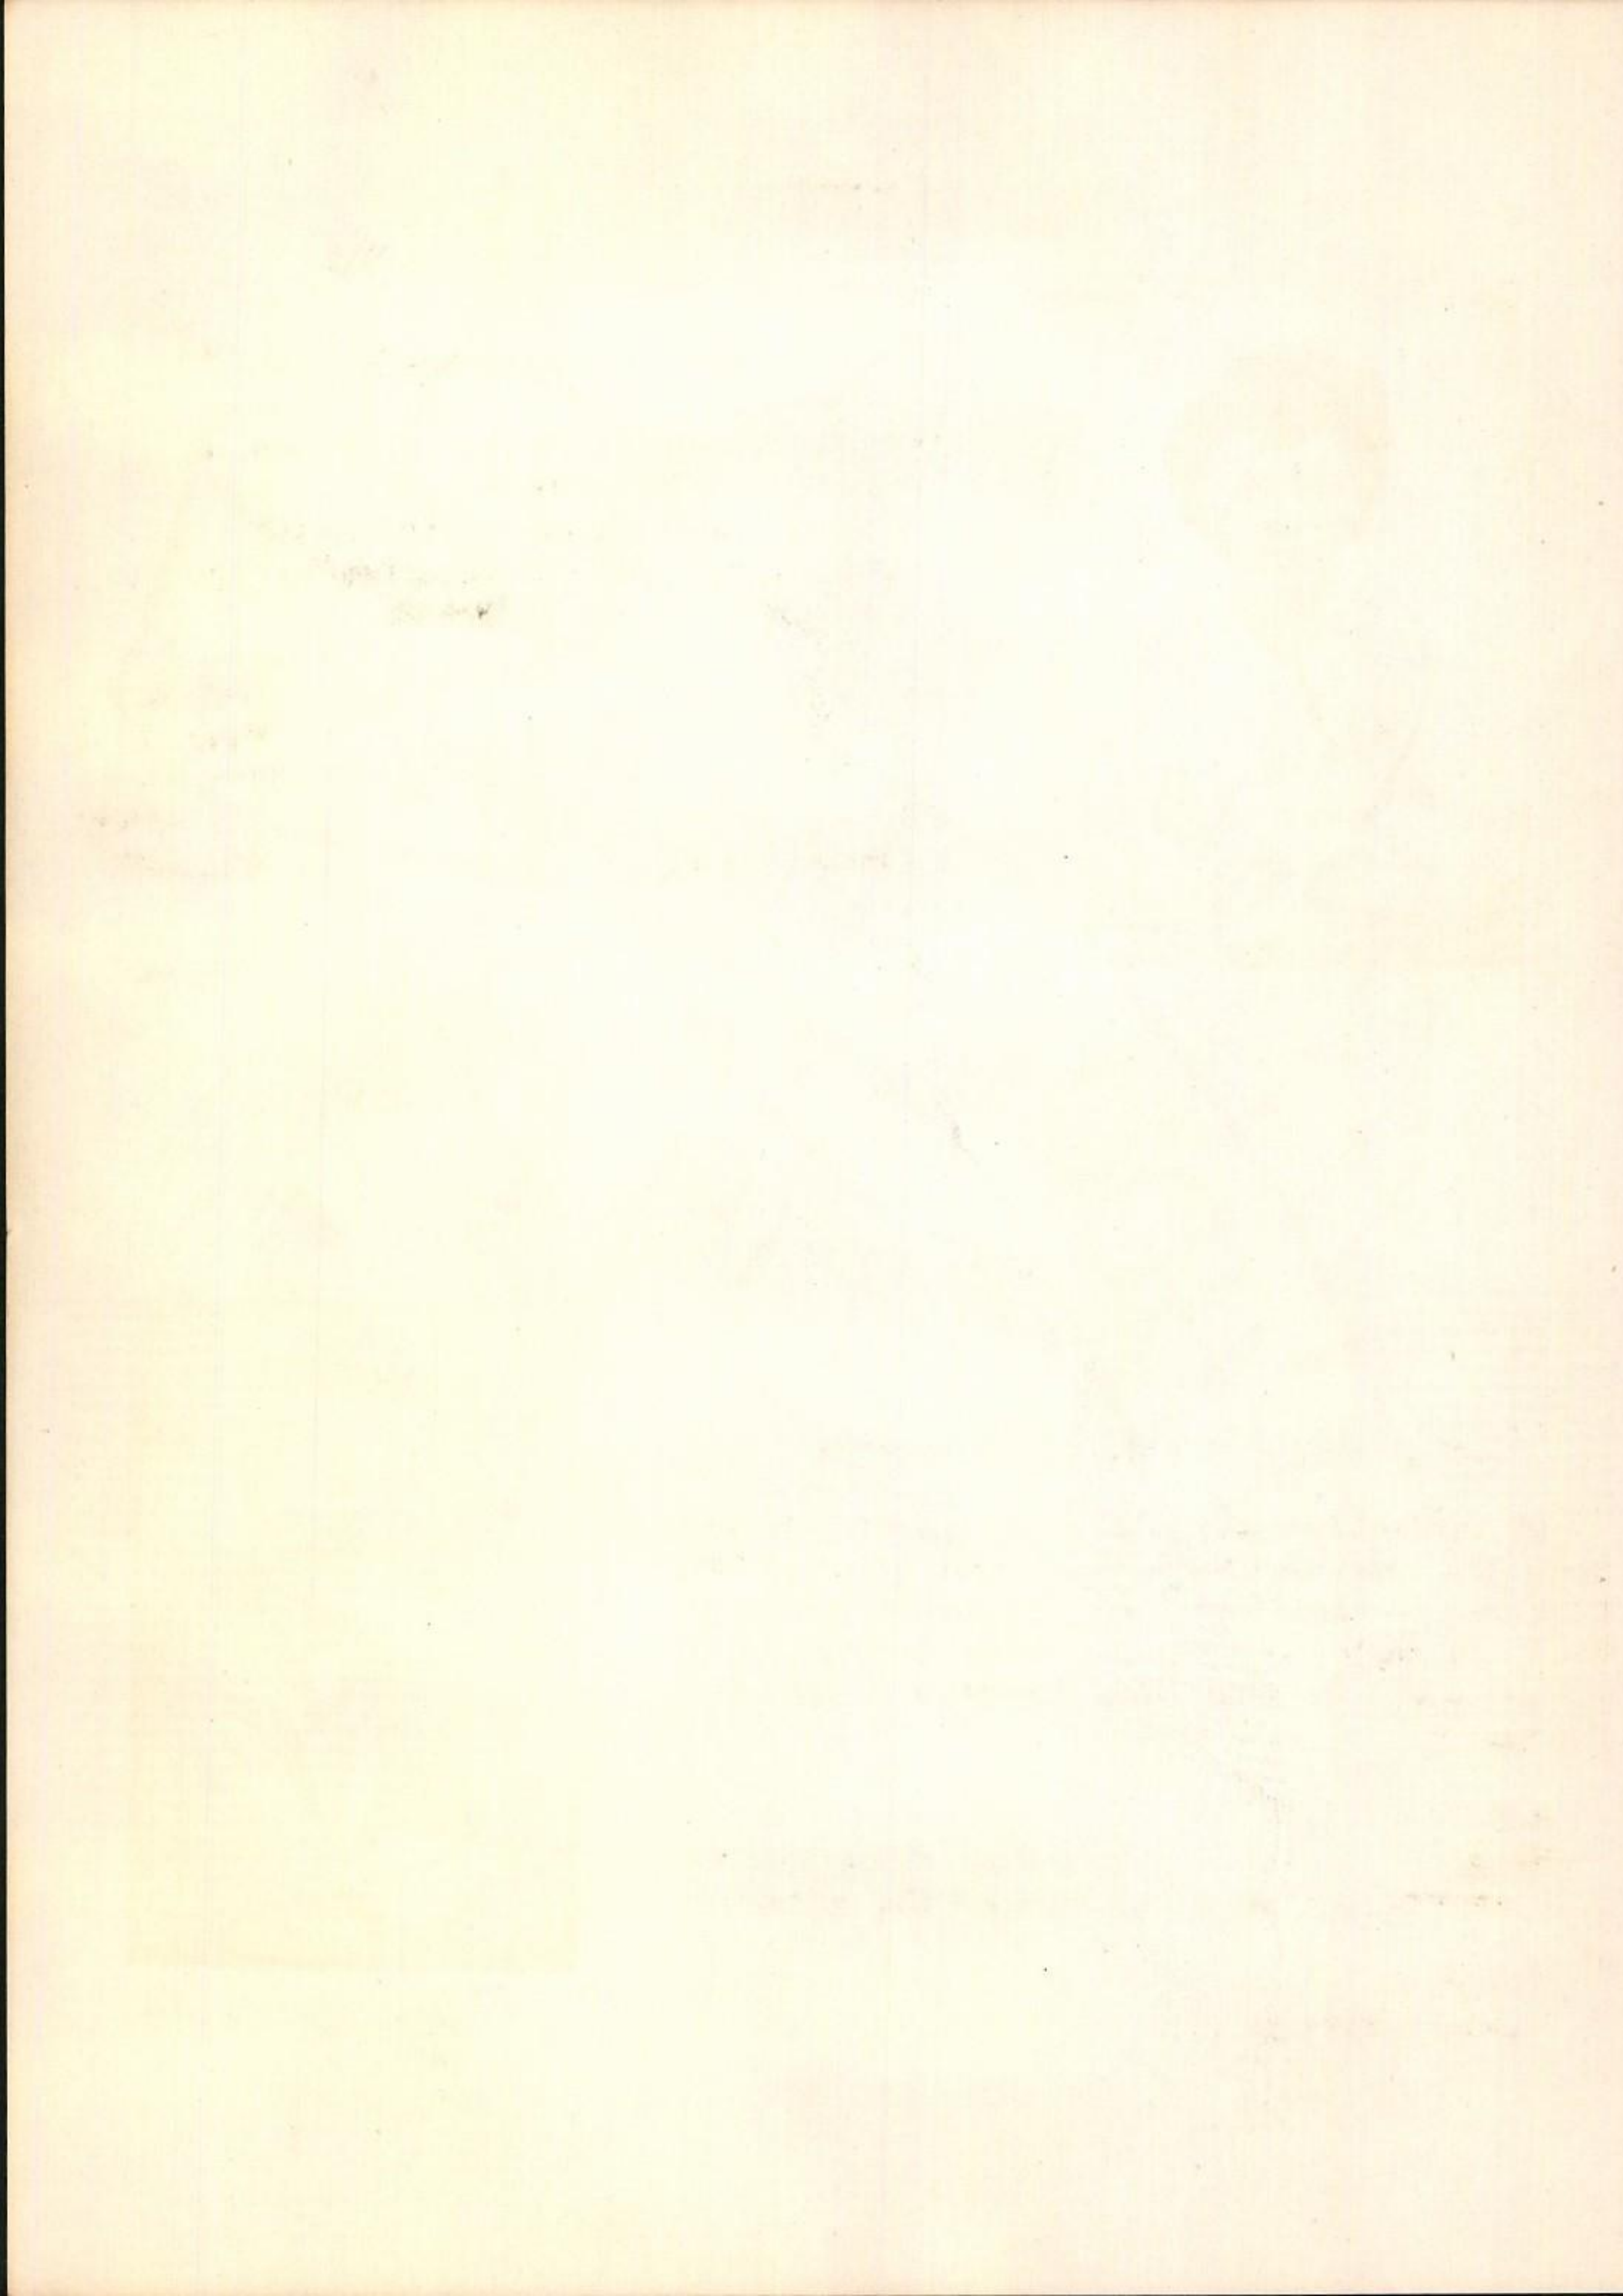

at the serious business of earning a living. There are many opportunities open to you and the world's horizons are broad. Somewhere there is just the place for you. May you succeed in finding it.

In the office of the school to which I am going hangs a picture of its most distinguished graduate, Calvin Coolidge. Maybe the time will come when Orleans, or perhaps your state, will point with pride to some of you as most outstanding citizens. Which ones shall it be?

SENIORS

YVETTE
ALICE
BLODGETT

"Patience is the key to glory."

Our hats are off to this young lady who, in spite of great tribulations with her eyes, came back to school to complete her course and finally to graduate. Her spare time is occupied by "Ronnie." May the best of fortune be her lot.

Ambition:

Hangout:

Remembered for:

Favorite pastime:

Favorite saying:

The W.A.F.

Blue Moon

Courteness

Dancing

"I guess"

"Laugh and the world laughs with you."

Joe is already a writer of note, having produced some fine articles that even an adult author would be proud to acknowledge. He has a seemingly inexhaustible supply of Jazz melodies of which he is infinitely proud. Good luck and good fortune to a good friend.

Ambition:

Hangout:

Remembered for: Sit (laziness) Nit (silliness)

Wit (humorous)

Favorite pastime:

Pinball and Jazz

Favorite saying:

"I beg your pardon"

SENIOR HIGHLIGHTS

Let us review briefly some of the highlights, which we will always remember, in connection with our four years spent at O.H.S.

At the beginning of our sophomore year, our first big venture was a Sadie Hawkin's Dance. This proved to be very successful both financially and socially. We also had a class picnic at Shadow Lake at the close of the school year, and we had a fine time.

The first part of our junior year found us busy trying to earn money to finance the Junior Prom--this proved to be a lot of work and also a lot of fun. Our decorating theme was the "Cinderella Ball." A life size Cinderella, drawn by Harry Ross, dominated one wall, while a large silver slipper and stars adorned the opposite wall. Hundreds of tiny silver stars twinkled overhead, giving the appearance of a typical June night. Music was furnished by the Ambassadors Sextet.

Our senior year has been most memorable. In October we sponsored our annual Sadie Hawkin's Dance. Everyone had a fine time and as a result our treasury was substantially increased. Our next major venture was the Christmas Ball. The gym was attractively decorated with green and red streamers, a Santa Claus, several large Christmas trees, and a fireplace scene.

After Christmas vacation the seniors began discussing graduation plans. Name cards, invitations, and pictures were ordered.

A group of senior girls attended the Ice Follies accompanied by many under-

classmen. The girls stayed at the Laurentian Hotel and according to the rumors, which floated around, they had a very hilarious time. Many happy memories were brought back and also a collection of pictures.

During this final year at O.H.S. the seniors presented the play "Congratulations" which won them the Dramatic Trophy. Mrs. England and Miss Parker directed the play and apparently their experience paid off, for it proved to be successful.

The end of another school year has arrived with Baccalaureate, Class Day, Alumni Banquet, and finally Graduation. We will always look back on our years in Orleans High as very happy and profitable ones.

CLASS HISTORY

We invite you, our parents, teachers and friends to step over the threshold and join us as we retrace our steps to the present time.

The records we leave behind us are represented by footprints, from the tiny outlines etched in infancy to the clearly defined tracks made as we have grown physically, mentally, morally, and socially.

The theme for our exercises tonight was suggested by the lines from Longfellow's immortal poem, "The Psalm of Life."

"Lives of great men all remind us,
We can make our lives sublime,
And departing, leave behind us,
Footprints on the sands of time."

Twelve years ago a group of six year olds, consisting of Ross, Janice Pete, Joe, Pudge, and Ronnie, entered a new world. We reluctantly left our parents and were confused by new faces, new manners, new customs, a whole new environment. Some of our athletes of today cried, while others made friends easily. Mrs. Ruth Blanchard was our first teacher and through her guidance we learned to read, to write and to work with numbers.

In our second year, Mrs. Badger was our teacher and she helped us to increase our knowledge. The highlight of this year was the many good times which we enjoyed in the sandbox.

Under Miss Massey, in the third grade, we were first exposed to art and we spent much time drawing and painting.

The fourth year we mounted the stairs to Miss Stearn's room and here we had our first taste of history and geography. It was here, also, that we first became acquainted with classical music.

We progressed to the fifth grade where, under the guidance of Miss Marshall we carried away many happy memories of the daily story hour and new games.

Under Miss Fifield in the sixth grade we assumed what we thought to be dignity since we were the oldest students. Here we had fun making salt and flour maps and painting.

After six enjoyable years we journeyed up the street to the high school building where we entered Junior High. Although we met many new teachers, our homeroom teacher, Miss Morse stands out in our memory. We soon discovered that there was plenty expected of us as we found it quite confusing having each subject in a different room. However we soon became accustomed to this and before long we found ourselves in our eighth grade year under the guidance of Mrs. Houghaboom.

In September, 1949, thirty freshmen descended on Mr. Barton who was our homeroom teacher. Many new students joined us from surrounding towns. The time had

Class History--continued

come for us to take off our baby shoes because we were passing into a more adult world where our footprints were to become lasting and meaningful. One of the outstanding events was the Freshmen Reception which we all dreaded although, it was proved to be very enjoyable.

The Freshmen year passed quickly and before we realized it we were Sophomores. We were under the guidance of Mr. Dermody for a time. However, he accepted a new position in April of that year and Mr. Lambert became our sponsor. We thoroughly enjoyed initiating the incoming Freshmen. It was during this year that we sponsored the first Sadie Hawkins Dance which has since become a tradition.

During the Junior year our homeroom teacher was Miss Bohannon. Again we sponsored a Sadie Hawkins Dance and many of us will long remember how generous we were to the Baseball Uniform Fund. We will also remember the long hours of toil in preparation for the Junior Prom, which certainly proved to be a social success.

We finally approached the end of our high school journey, namely, the Senior year. Our class now consisted of twenty-two members. Our advisors for this last year were Miss Parker and Mrs. England, whose guidance proved immeasurable throughout the entire year.

It was during this year, for the first time, that we were awarded the Dramatic Competition Cup for our presentation of the one-act play "Congratulations." We again sponsored the annual Sadie Hawkins Dance and also a Christmas Ball.

We have mentioned only a few of the many things which took place during our twelve years together.

We hope that the impressions that we leave here at Orleans High School will properly placed, fairly deep, and long lasting. Our comfortable baby shoes are now outgrown and our dress shoes are stuffed with many happy memories. It is now our task to choose another pair of shoes; shoes that will make firm imprints on our journey into the future.

In closing we would like to quote, as a challenge, the last stanza from Longfellow's poem "Psalm of Life."

"Let us then, be up and doing,
With a heart for any fate,
Still achieving, still pursuing,
Learn to labor and to wait."

CLASS GIFTS

YVETTE BLODGETT

To YVETTE we give this traveling kit
With soldiers we know she'll be a hit,
For into the Waf's she plans to go
To far away lands of sleet and snow.

JOSEPH BOULANGER

To JOE we give this stack of bills,
To start his store, and use his skills.
With all your customers use your best manners,
And before you realize it, you've sold 10# of bananas.

JANICE BOWMAN

JANICE tells us that nursing will be her profession,
An "Angel of Mercy" must make a good impression.
We give her this watch for that very reason,
And hope it endures for many a season.

ANNETTE BUTLER

To ANNETTE, who plans to become a housewife,
We want to give some real spicy advice.
We give her this rolling pin--
To keep her husband in the trim.

CLARABELLE CHOINIERE

To CLARABELLE, who is always so prim,
We present this comb, to keep her hair in trim.
For being so proper you'll always be known,
When far from the rest of us you have flown.

MARLENE CLEVELAND

To MARLENE we give this bottle of pills,
To help her cure her patient's ills.
If they don't work and they may not
We know her sunny smile will help a lot.

Class Gifts--continued

EVELYN FORTIN

To EVELYN we give these ballet shoes,
So she can dance and lose her blues.
But if to an office she should go,
We know her brilliance there she will show.

RONNIE HARDIE

To RON, with a scientific mind,
We give this rocket ship of streamlined design.
When to Mars you go a flying,
Don't stop there, keep on trying.

ALAN HEMENWAY

To PETE we give this can of three in-one-oil,
To help him with his mechanics toils.
In case he needs an assistant for aid,
This little doll doesn't have to be paid.

ROSS HOYT--STUART MARCOTTE

To the women haters of the class, STUART and ROSS,
Who claim that all women make man a net loss,
Here are dark glasses to wear a week or two,
Then you'll see things a little brighter if you do.

ESTHER KAHLSTROM

To ESTHER our girl with unusual pep,
We give this box of "Wheaties", so she can keep hep!
With your lively manner, and smiling face,
Your bound to bring joy to any place.

VERNICE LARABEE

To VERNICE we give these bobby pins,
So she can keep her customer's hair in trim.
Just in case this work becomes a bore--
We know you'll soon be going through the matrimonial door.

ERLENE MACIE

From up on Lowell Mountain and twelve miles away,
One of our classmates came each day--

Class Gifts--continued

ERLENE, we graciously give this classy jeep,
Regardless of weather, your appointments you can keep.

LAWRENCE MAXWELL

To LAWRENCE whose curly locks are always astray,
We give this special hair tonic to save the day.
Whether it be in business or just for pleasure,
We know this is one bottle you can always treasure.

JACQULYN MICHAUD

To JACKIE we give this stationery,
To keep her boyfriends nice and merry.
If she writes on it with words of love,
She'll be sure to find her own turtle dove.

JOYCE MILES

To JOYCE the quietest girl in the class,
Here is a mike so we'll hear you at last.
We know you have many splendid thoughts,
Therefore, you can advertise for Cott's.

RODERICK PHILLIPS

To RODDY the outstanding hunter of the class,
Of both kinds of deer--animal and lass.
We present this bow and arrow--and as an extra gift, too
This pint can of gas, if car trouble should follow you.

DARRELL RUSSELL

We understand that DARRELL a farmer wants to be,
To get started here is, Elsie, Elmer, Beulah, the
famous Borden family.
We know your farm will be a big success,
For if it's Borden's it's got to be the best.

AURELE SOULIERE

We understand that BEEB into business wants to go,
Not alone, but in partnership with his brother Joe.
To you we give this flashy red cattle truck,
Wishing you the very best of luck.

Class Gifts--continued

GLENN STONE

To PUDGE we give a car of her own,
A special "Chevie" of dark blue tone.
This should match another she seems to like,
And bring her lots of joy and delight.

JOYCE WELLS

We present to JOYCE this car bright and new
We know to Dick she'll always be true.
She can get from Irasburg to Orleans real fast,
And spend all her time here, at last.

* * * * *

CLASS SONG

Our high school days are quickly through,
And soon we will be leaving you.
The past four years have been alot of fun,
Good times through things we've done.

And now the final day draws near,
We see the future through a tear.
Dear friends we'll part with mellow
hearts and fears,
To face the coming years.

We'll miss the friends we have made,
Sweet memories never will fade.
We'll close our eyes, they'll be there,
Our dear friends everywhere.

Now we will say our fond good-byes,
With many sad unhappy sighs.
May God be with you and and us today,
And on our future way.

CLASS PROPHECY

YVETTE BLODGETT--JOYCE MILES:

The time is 1963--the place is Paris, France. Here we find Joyce Miles and Yvette Blodgett as co-operators, still unmarried, of a large, impressive looking boarding house. They plan to return to the United States soon, purchase a new car and visit all their friends in this area.

JOSEPH BOULANGER:

Joe, after graduating, worked in his father's store for nearly a year and then enlisted in the Navy. He operated an anti-aircraft gun on an aircraft carrier in Korean waters where he shot down a total of eleven Russian MIG 15's. He is now a chief petty officer at Bainbridge, Maryland and is the father of two "space minded" boys. Best of luck, Joe.

JANICE BOWMAN:

After graduation in June 1953, Janice had looked forward, with great anticipation, to the future. She attended Mary Fletcher School of Nursing taking a five year course where she enjoyed two wonderful years of campus life. During her final year of training, she was very much thrilled with a proposal of marriage. After graduation she happily changed her name and has a wonderful husband, a happy home and two lovely children.

ANNETTE BUTLER:

Immediately after graduation Annette left for West Virginia, where she had employment with the Greenbrier Hotel, as a waitress. From there she went to Vera Beach, Florida and is now hostess in the Rio Mar Club.

CLARABELLE CHOINIERE:

The efforts of a fortune teller apparently paid off in the case of Clarabelle. After graduating from O.H.S. she found employment at the National Life Company. Several years later, while spending a vacation in California, she met a handsome young man who "swept her off her feet" and at the present time they are making their home in South America.

MARLENE CLEVELAND:

In three years after graduating from O.H.S. Marlene's ambition to become a nurse was realized. In 1956 she enlisted in the Navy Nursing Corp where she spent another three years in the Pacific and Alaskan areas. After becoming a civilian

she specialized in child care at the John Hopkins Hospital where she married one of the doctors. At the present time they operate a childrens' hospital in Texas.

EVELYN FORTIN:

After graduating from high school Evelyn was employed at Metropolitan Life Insurance Company as a secretary. When she had earned enough money, she took a summer's vacation in California where she met the son of a millionaire and was married. Evelyn is now living in one of the largest mansions in San Francisco.

RONALD HARDIE:

Ronnie hadn't been out of school twenty-four hours before he joined the Navy serving as co-pilot in a PB2Y-2. For his outstanding service, Ron was awarded the O.F.C. Captain Ron Hardie was discharged from the Navy in 1959, and was sent home to Orleans. He is now flying a PBM out of New Orleans and will fly anything anywhere one wants--for a price.

ALLEN HEMENWAY:

Pete worked during the summer after graduation and in the fall entered college. After remaining in college for a year, he suddenly found himself on a two year assignment for Uncle Sam. After receiving his discharge he entered Western Maryland College for three years. He is now known as Rev. Hemenway and has a small parish in Tennessee where he and his wife make their happy home.

ROSS HOYT:

If you happen to be in a suburb of Houston, Texas, and think you recognize that young doctor in the '63 Oldsmobile, don't be surprised--it's Ross Hoyt. He has built up a fine medical practice in this little community and is happily married to a nurse he met while serving in the Army.

ESTHER KAHLSTROM:

Esther worked as a telephone operator here in Orleans immediately after graduation. After several promotions, she is now employed as chief operator on the Hollywood exchange. She is very interested in the calls Rita Hayworth receives.

VERNICE LARABEE:

Vernice's high school ambition has been realized as we find her living in a small Vermont community with her hus-

band and four children. As one approaches her door, an attractive sign reads--"Vernice's Beauty Shop."

ERLENE MACIE:

Erlene married soon after graduation and settled down on a farm in Irasburg. She is now the mother of three children who really keep her busy. Apparently her husband is a successful farmer, because each Sunday afternoon the family may be seen riding about in a new Mercury.

STUART MARCOTTE:

Stuart's prediction made in 1953 has evidently come true. It's now 1963 and we are engaged in World War III. The battle to see whether Communism or Democracy is to be the dominating force in this world, has overtaken us. Stuart is on the battleship "Wisconsin" which is helping fight the Second Battle for Midway. He is directing fire on a Russian Rocket Plane and is being rewarded by seeing it disintegrate.

LAWRENCE MAXWELL:

After graduating from high school, Lawrence had the urge to travel. His plans were fulfilled after he had served with the United States Navy for four years. Following his discharge he journeyed to Texas where he spent a few weeks with his brother. In 1963 we find Lawrence the owner of a large dairy farm in Michigan, where he has proved to be quite a success.

JACQULYN MICHAUD:

Upon leaving high school in '53 Jackie's plans were quite indefinite. However, when September came she was in Boston, attending Burdett Business College. Upon graduating in June she had already received employment with American Airlines where she worked as secretary for the President of the company for five years. By this time Jackie was ready for marriage, but not too surprisingly all her high-school flames had married. When she realized this she immediately asked the president to make arrangements to have her transferred to Hawaii where she now lives suffering from a broken heart.

RODERICK PHILLIPS:

We hear that Roddy's '37 Ford has really paid off. Soon after graduation he participated in several local meets, and being successful in these, he went to Lancaster, New Hampshire where he again gained fame. In 1963 we received the good news that he is participating in a race among all stock car winners in the United States. We are inclined to believe

that Rod's many trips from Irasburg to Orleans are partly responsible for his success.

DARRELL RUSSELL:

Darrell, after his high school career attended the University of Vermont where he majored in agriculture. He returned to Orleans where he is teaching future generations about cows. He now owns his own farm where the Ag boys learn through experience. On Sunday afternoons one will find Darrell participating in the stock car races in Newport.

AURELE SOULIERE:

Soon after graduating from O.H.S. "Beeb" went into the cattle business, with his headquarters in Boston. He then became sole supplier of the Orleans Commission Sales. He was soon elevated to president of the Souliere Buying and Selling or Cattle Dealing Company, which position he holds at the present time.

GLENN STONE:

In the fall of '53 "Pudgie" entered Airline Training School. She is now employed with Transcontinental Airlines as a stewardess, flying from New York to Paris twice a week. We hear this is quite an exciting life.

JOYCE WELLS:

When Joyce left O.H.S. she entered Burdett Business College and upon being graduated was employed by an insurance agency in New York City. Five years later found her at the Matrimonial door, taking the fatal step, with her high school sweetheart as the victim. Now she has a full time job caring for her twin daughters, Rosy and Posy.

CLASS WILL

We, the Senior class of Orleans High School, on this the 18th day of June in the year 1953, do judge it best and do hereby make this our last will and testament. Being of unusually sound mind and memory we will and bequeath severally to the below mentioned individuals each article here described. According to the terms of this will we appoint as sole administrator our principal to administer this will as he sees best.

Yvette Blodgett wills her ability to hold a steady boyfriend to Alice Durivage.

"Joe" Boulanger wills his ability to talk to Shirley Barlow.

Janice Bowman leaves her friendly attitude toward the boys to Betty Griggs.

Annette Butler wills her famous giggles to Rita Lunge.

We will and bequeath to Lucille Dawson a full length mirror to be erected in the hall, so that she may view herself as she passes to and from classes when she is a dignified senior.

Clarabelle Choiniere wills her naturally wavy hair to Joan Michaud.

Marlene Cleveland wills her height (5') to Cathy Mattson.

We will and bequeath to Sue Dennaise a means by which she may do her algebra by remote control.

Evelyn Fortin wills her interest in the Army to Beverly Hull.

Ronnie Hardie wills his scientific ability to Ronald Fox.

Ross Hoyt wills his crew cut to Maurice Sanville.

Allen Hemenway leaves his athletic ability to Eric Gilfillin.

We will and bequeath to Barbara Wells a book of instructions on roadside parking so that she and Ernest won't have to remain in the dark on the subject.

Esther Kahlstrom wills her poodle cut to "Pat" Hunt.

Vernice Larabee wills her musical ability to Lawrence Shover.

Class Will--continued

Erlene Macie leaves her many books to some intelligent junior.

We will and bequeath to Nancy Carpenter many cool thoughts so her face won't get red while talking to the boys.

Stuart Marcotte wills some of his scholastic rating to Freddy Cleveland.

Lawrence Maxwell wills his physique to John Locke.

Jackie Michaud wills her ex-boyfriends to Janice Swanson.

We will and bequeath to Lillian Lemieux one can of red barn paint to be used as a priming coat before applying lipstick.

Joyce Miles wills her quietness to Sondra Hussey.

Rod Phillips wills his car to Paul Daniels just in case his breaks down.

Darrell Russell leaves his driving ability to LeRoy Smith.

We will and bequeath to Donald Metcalf a course of instructions which entitles him to a degree in one arm driving.

We will and bequeath to Beverly Macie a book on voice control.

Beeb Souliere leaves his ability to get along with girls to all unfortunate fellows.

Glenn Stone wills her height to Kathleen Davignon.

Joyce Wells wills her position as captain of the basketball team to some junior.

To the teachers we will and bequeath our best wishes for the future.

We will and bequeath to Mr. Schoppe a new set of maps for his classroom.

We will and bequeath to Mr. Barton a new science lab.

We will and bequeath to Mrs. England a new electric mimeograph.

Class Will--continued

We will and bequeath to Miss Parker a new desk.

We will and bequeath to Miss Nault a bus ticket to and from Burlington.

We will and bequeath to Mr. Lambert a dry baseball diamond.

We will and bequeath to Mrs. Houghaboom a cafeteria.

We will and bequeath to Mr. Leslie a movie projector.

To O.H.S. we will and bequeath more men!

To O.H.S. we will and bequeath a new gym.

To the juniors we will and bequeath a portion of our senior dignity.

To the sophomores we will and bequeath a portion of our intelligence.

To the freshmen we will and bequeath a large amount of our worldly experience.

To the incoming freshmen we will and bequeath our Sadie Hawkin's Dances.

We hereby declare all previous promises to pay, wills or testaments made by this class as null and void. In witness whereof we here unto set our hand and seal and publish and declare this to be our last will and testament, on this the 18th day of June in the year nineteen hundred and fifty-three A.D.

UNIORS

JUNIOR HIGHLIGHTS

The Junior Class came back to school in the fall of 1952, eager to earn money for Prom, and ready to participate in extracurricular activities. There were juniors prominent in baseball, the three-act play, glee club, basketball, and the festivals and concerts held in the spring.

In February, the junior boys defeated the freshmen and the senior boys to become champions of the Class Tournaments in basketball.

When the one-act play contest came around, the junior class, directed by Mrs.

Houghaboom, presented "Dora, The Beautiful Dishwasher."

Junior Prom was held on June 5 at the Municipal Hall. This was one of the major social events of the year. The class worked hard to make it the success that it was.

SOPHOMORES

SOPHOMORE HIGHLIGHTS

The first major event, sponsored by the Sophomore Class, was Freshmen Reception, which took place in September. The start of this humorous event was when the Freshmen came to school dressed in bransacks, rubber boots, with nylon stockings as hats, and carrying their books in pails. Josephine Letourneau and Ricky Utton acted as Mistress and Master of Ceremonies at the initiation in the evening. After the Freshmen were thoroughly initiated, dancing was enjoyed by all.

The second event of the year was the "hayride" which came the first part of November. The members of the class started from the high school in a wagon driven by Mr. Royer. Mr. & Mrs. Bircard Huff and Mr. Fortin were chaperons. After having a snack at the Park restaurant, we journeyed home.

"Teen Town" was held every other week, except when there were conflicting activities. Here ping-pong, dancing and various other games were enjoyed. Different parents acted as chaperons.

This year will be remembered because finally we were no longer "Green Freshmen." However, we are looking forward to next year when we will at last be "Upper Classmen."

Rashmen

FRESHMEN HIGHLIGHTS

In the fall of '52, thirty nine Green Freshmen entered the halls of O.H.S. with Mr. Barton as our sponsor. The year started with the traditional "Freshman Reception," which provided lots of fun for the upper classes and (now that it is all over) for ourselves too. We are now looking forward to next year's incoming class.

We had long anticipated a sleigh ride but due to weather conditions this turned into a "tractor ride." We left here at 7:30 and went to Barton, where we ate and made ready for the homeward trip.

In the basketball tournaments between the classes, the freshmen girls showed their ability by playing the finals where they gave the Seniors a good game.

On April 10, we sponsored a dance called "The Spring Prance." A lot of hard work was put into this and it proved to be a success.

The three-one act play contest between the 7th, 8th, and 9th grades was scheduled for April 29th. We know each class worked hard on their play hoping to win the trophy.

Our first year at O.H.S. has been one we will always remember and even now as school draws to a close we are looking forward to our Sophomore year.

GIRLS' SPORTS

In 1947, there were six freshmen girls out for the first basketball practice. The chosen six were: Glenn Stone, Joyce Wells, Janice Bowman, Annette Butler, Betty Herman, and Pauline Letourneau.

During the season of '49-'50, the Orleans lasses had a successful year. We had thirteen victories and two defeats. During this season we defeated Morrisville for the first time in many years with a score of 41-39. We tied with Newport at the end of the season for the championship. Seven girls graduated this year, leaving us only Joyce Wells who had previous experience on the first team.

The '51-'52 season displayed an effective team. Again we chalked up thir-

teen victories and three defeats. This year we tied Lyndonville for the Northeastern Vermont championship. We lost two players from the first string at the end of this season. Joyce Wells was also elected as an all-state player.

Beginning the season this year, the first six were as follows: Center Forward, Janice Bowman; Right Forward, Joan Michaud ; Left Forward, Joyce Wells; Center Guard, Sondra Hussey; Left Guard, Marlene Lafoe; Right Guard, Glenn Stone. Joyce Wells was elected captain. We were defeated twice by Morrisville and twice by Lyndonville.

The closest game of the season was at McIndoes; the score being 66-64 in

Girl's Sports--continued

favor of Orleans. M. Dickenson of McIndoes broke a state record at this game by tossing in fifty-two points. Joyce Wells proved to be efficient by tossing in thirty-three points.

The success of this fine sextet and the past ones, is largely due to our effi-

cient coach, Mr. Schoppe. At this time we would also like to thank the townspeople who have attended both local and out of town games. We hope that in the years to come the Orleans lasses will always enjoy successful seasons.

* * * * *

BOYS SPORTS

During our Freshmen year, '49-'51, many of us tried out for the team but only one was successful as there was a large return of varsity players. The team had a fairly good record that year with 14 wins against 8 losses. At the Northeastern Tournament in Newport, Orleans placed Bowman and Austin on the All-Tournament team.

In the year '50-'51 the boys' team had a rebuilding job slated for them as only three players had been on the squad before. The season started with Graham and Harlow at the forward positions, Hemenway at center and Alexander and Preseault doing the guarding. However, before the year was over many different combinations were tried. The team had a tough year with only 5 wins against 13 defeats. Souliere, Maxwell, and Hemenway represented the Sophomore class on the team.

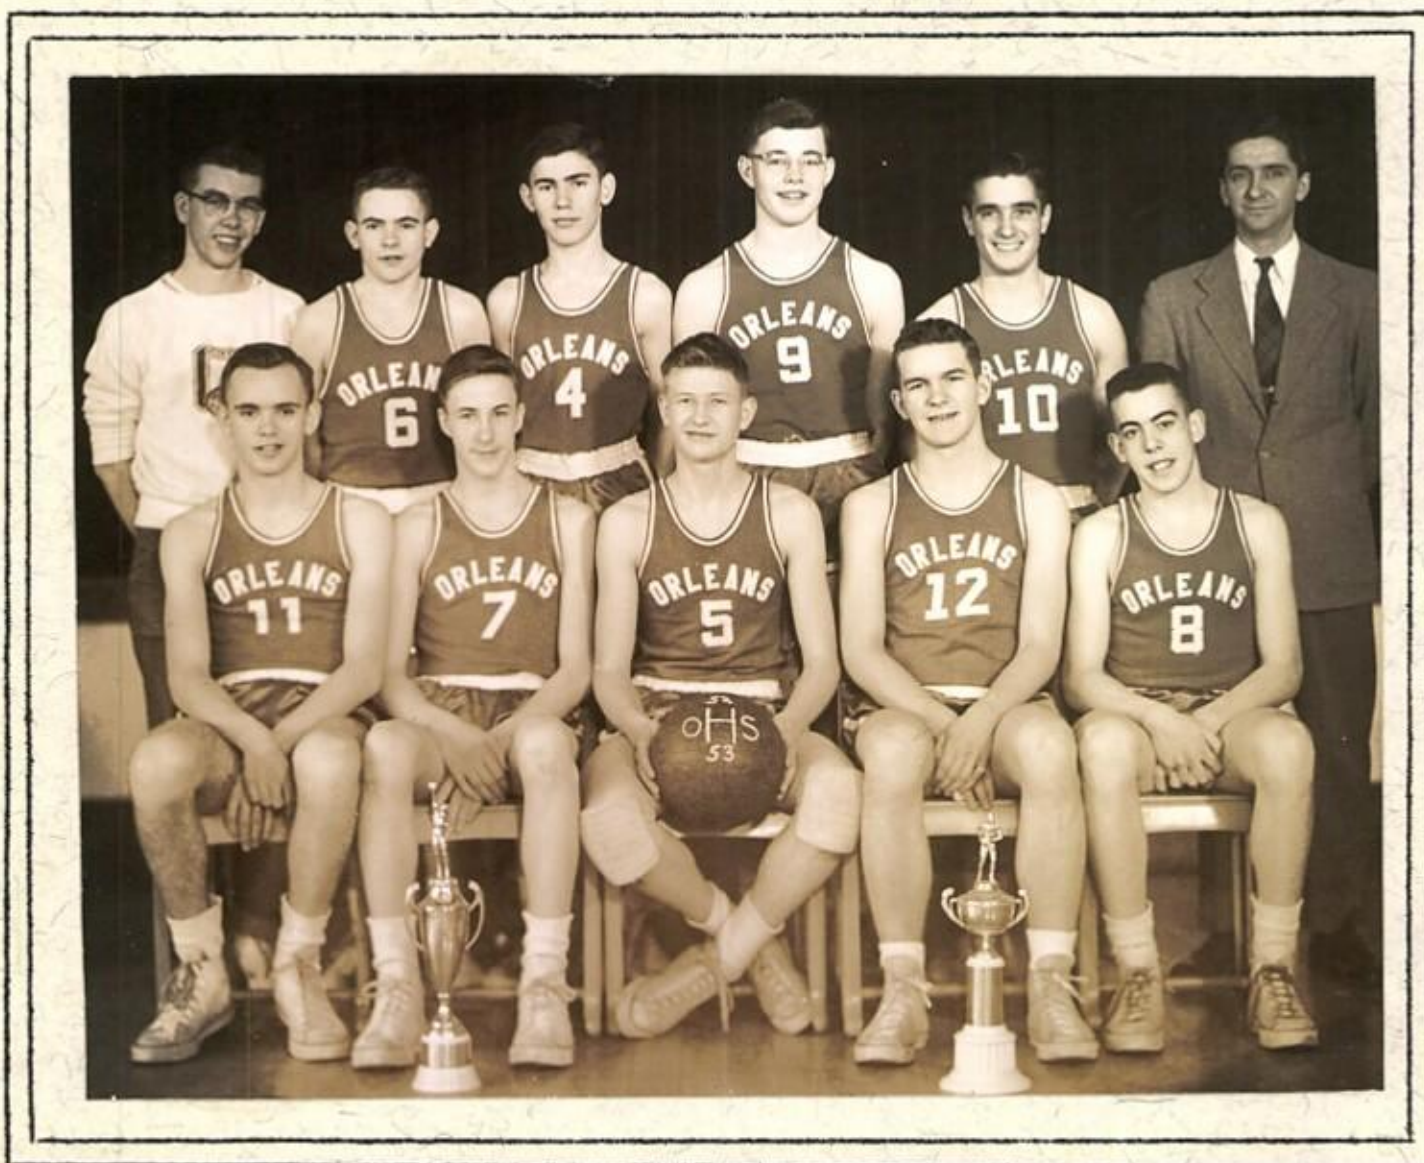

The year '51-'52, with a more experience squad, looked brighter but there again we just couldn't seem to click. Maxwell and Hemenway represented the Juniors on the squad. The team went to the Northeastern tournament and defeated Derby in the consolation game. Eastman represented Orleans on the All-Tournament team. The starting five for this year were: Eastman and Barton at the forward positions, Hemenway at center, and Gallup and Preseault as guards. The

team closed the season with 8 wins and 12 losses.

Basketball practice started early in November this year with a squad of 14 selected boys. After about a month of practice we opened our season by playing Brighton. We lost this game by a score of 34-41. The starting five that night consisted of: Captain and Right Guard-Russ Dewing, Left Guard-Duane Austin, Center-Pete Hemenway, Left Forward-Naaman Green and Right Forward-Pete Barton.

After losing the first game of the season the Orleans boys changed the story quickly by winning 19 straight games. Some of our hardest fought battles were the ones against Newport, Barton, Sacred Heart, and Craftsbury. The next loss came at the hands of St. Johnsbury Academy. When the final whistle blew, the score was 56-45. Orleans was then selected for a play-off with Stowe for a State Tourney berth. On February 27, we journeyed to Waterbury to meet our opponents. However, after fighting a hard battle we lost and this was a real heart-breaker. After being behind at the half by a score of 29-18, the Red Rapiers showed the fight that they were noted for in the last half and almost pulled the game out of the fire.

After the play-off the Orleans team
--continued

Boy's Sports--continued

went to Newport to play in the North Eastern Tournament where we were very successful. First we defeated Lyndon by a score 72-46; then Sacred Heart 55-31. The team broke five records at the tournament and also placed Green, Barton, and Hemenway on the All-Tournament team.

At the close of a successful season the team had a record of 22 wins and 3 losses for a 880 record.

The whole squad is very grateful to Mr. Lambert for all his efforts and time

spent with us this year. We would also like to express our thanks to Mr. Barton, who was our previous coach.

Activities

GLEE CLUB

With the opening of school in September, the members of the glee clubs found they had a new teacher, Mr. Cook. We went to work immediately on the music for the Christmas Concert. The concert took place on December 10 with the boys opening the program; the girls singing next and the mixed glee club finishing the first part of the program. Then the orchestra and band showed a bit of their skill making the whole concert a great success.

After our two weeks of Christmas vacation we practiced several very pretty songs for the Spring Concert which took

place in April. This followed a different plan because we combined our glee club with Barton's. Then we presented the concert at Barton and Orleans on two different dates. Everyone thought this was a nice plan.

The concerts were very colorful as the girls wore pretty gowns and the boys wore suits with white shirts and colorful ties.

In April a group of chosen members journeyed to Newport to participate in the Newport festival, for which they had been practicing since February. Among the

Glee Club--continued

seniors were: Annette Butler, Clarabelle Choiniere, and Esther Kahlstrom as sopranos and Evelyn Fortin went as an alto. Others went from the junior and sophomore classes.

The Burlington Festival held in May was a great event for two senior glee club members. Janice Bowman and Jacquelyn Michaud were sent for the alto part. No sopranos were called this year. Two tenors and one bass were allowed to go from the junior and sophomore classes.

During the past four years the senior glee club members have met with five teachers. During our freshmen year, Mrs. Sandrin was our instructor but she left to teach in Barton, so Mrs. Domina

took over our sophomore year. During junior and senior years we had two teachers. Miss Ela with the aid of Miss Nault taught our junior year and finally Mr. Cook appeared. He taught boys' and mixed glee clubs and Miss Nault taught the girls' and also helped with the mixed. We have enjoyed being with all the teachers very much and shall miss the glee club.

BAND AND ORCHESTRA

Another busy year started in September for the band and orchestra. Every Monday night the band met at either 6:30 or 7:00 for an hour.

Our first goal was the Christmas Concert. This went off very well according to the number of members participating.

After our Christmas vacation we worked toward many goals. Our first was the Spring Concert which was held in April. For the first time we combined our band and orchestra with Barton Academy's. In the band there were around seventy-five members and in the orchestra around forty. This made the concert more interesting and much better. It was presented in both Barton and Orleans.

Our second goal was the Newport Festival. This didn't require all of the members because it would make the festival too large. Of the band the following attended: Trumpets -- Carol Schoppe, Ricky Utton and John Webster; Clarinets

--Pete Barton, Vernice Larabee, Shirley Hoyt and Marion Chadburn; Saxophone--Sondra Hussey and Jack Healey; Trombones--Ross Hoyt, Norman Letourneau and Naaman Green; French Horn--Germaine Letourneau. From the orchestra the following attended: Violins--Frances Hardy, Lucille Dawson, Joan Michaud and Shirley Butler; Cello--Steve Hardy; Trumpet--Josephine Letourneau; Trombone--Bruce Curtis; Clarinets--Diana Hardy and Saxophone--George Prue. On Saturday of the festival, the band appeared in the large parade looking very attractive in their bright red and white uniforms.

The Burlington festival required even fewer members, most of us felt very proud that we were chosen to attend. The band members consisted of: Josephine Letourneau, Larry Gallup, and Ricky Utton with trumpets; Vernice Larabee and Shirley Hoyt with clarinets; George Prue with his saxophone and Ross Hoyt

Band and Orchestra--continued

and Bruce Curtis with their trombones. Frances Hardy and Lucille Dawson participated in the orchestra with their violins. Again on Saturday the rest of the band journeyed to Burlington to appear in the very colorful and impressive parade, consisting of the bands from many towns throughout the state.

During the year the band and orchestra have chances to play for different occasions. We played several times for the P.T.A., for a Farmer's Production dinner at the Municipal Building, for graduation, and on other occasions.

Then during the summer there are a number of weekly concerts and street dances. The O.H.S. and Barton bands play together on these occasions.

We owe one person many thanks for his untiring efforts on our behalf, namely, Carl Swanson. Few realize just how fortunate we are to have such an individual as our instructor. Mr. Swanson is always patient and understanding. During concerts he makes everyone feel at ease. Mr. Swanson also has been giving special lessons, during free periods on Fridays, to those who wanted and needed them. This has been a great help to many.

Many students think they can't be in the band and orchestra because they just cannot play an instrument of any kind; this is where Mr. Swanson enters the picture again. All you have to do is see him and he will make all arrangements for you.

--continued

Band and Orchestra--continued

After you have learned to handle your instrument, you can have most of your practices on Mondays and Wednesdays when there are rehearsals. Of course this work is done outside of school, but if you enjoy music you won't mind. I think that there is a great opportunity here in O.H.S. for those who like music, and we certainly could use more members in both the band and orchestra.

SCIENCE CLUB

The Science Club was started in 1949, but was not too active, however, Alice Long represented the state in the New England Fair held at Boston, Mass. and won the third place.

In 1950 the Science Club was organized and held regular meetings. Bob Gray was elected President. This year we held our own local fair and we were also host to the first state science fair. O.H.S. was again represented in the New England Science Fair. This time by Ross Hoyt. The complete list of local winners are not known.

Bob Gray was elected President in 1951 and now you could see the growth of the science club was speeding up. Again we haven't a complete list of winners for the local fair, but the state science fair was held in Proctor and O.H.S. was represented.

In 1952 Ross Hoyt was elected President. The local fair was held and the winners were 1st, R. Hoyt; 2nd, B. Cur-

tis; and 3rd, S. Hoyt. These three attended the Science Fair in Middlebury and won 2nd prize. Second prize went to R. Hoyt and 3rd to B. Curtis. Again no representative went to the New England Fair.

This year the local fair was held and in addition to the school exhibits, we were lucky to have the Navy Special Service Division from New York to furnish the program. This was free of charge and will probably never again be in this section of the state. Prizes for the local fair were awarded as follows: 1st, R. Hoyt; 2nd, B. Curtis; 3rd, N. Green. On April 10--11 these three people represented the school at State Science Fair in Springfield, Vermont.

The success of the Science Club and Science Fair was largely due to the hard work and time given by Mr. Barton. Next year the fair will be bigger and better, I am sure.

FUTURE FARMERS OF AMERICA

The Future Farmers of America is a national organization for high school boys reaching from the state of Washington to Puerto Rico and from Maine to Hawaii.

The dues for this organization are two dollars yearly. These can be paid either in money or by working at the Food Booth at Barton Fair.

Each year a slate of officers are chosen by a committee, including the Advisor, Mr. Leslie, and the president of the foregoing year. This year the officers are: President, Roderick Phillips; Vice-President, Paul Daniels; Secretary, Bruce Curtis; Treasurer, Peter Barton; Reporter, Vernal Larabee; Sentinel, Bernard Rossier. This slate of officers is presented at a meeting in June

and the chapter votes to accept them or not.

The Orleans Chapter owns a wood lot in Glover. This one hundred acre wood lot, at the present time, has several pine trees about six feet in height. It is owned and operated by the boys in the four classes. The United States Government is making a study of the growth of the trees and also the amount of White Pine Blister present.

One of our major projects, for a number of years, has been the Eastern States garden seeds. In 1951-1952 the chapter sold over \$1200.00 worth of seeds which exceeds any other chapter in New England to date. Each member selling over \$20.00 worth enjoyed an ice cream

party. The prizes for 1st, 2nd and 3rd high salesmen are: \$5.00, \$3.00, and \$2.00.

Orleans won the Sheldon Memorial Trophy for outstanding performance and for being the most advanced chapter in the state of Vermont in 1952. Now the chapter will go to the National Convention in Kansas City to set up the exhibit from Vermont.

During the year the chapter goes on several trips. Among these are: the Farm Products Show in Barre and also to all district meetings where contests are held. Each year two senior boys are chosen to go to Boston on the Boston Marketing trip. This year the boys selected were: Roderick Phillips and Darrell Russell.

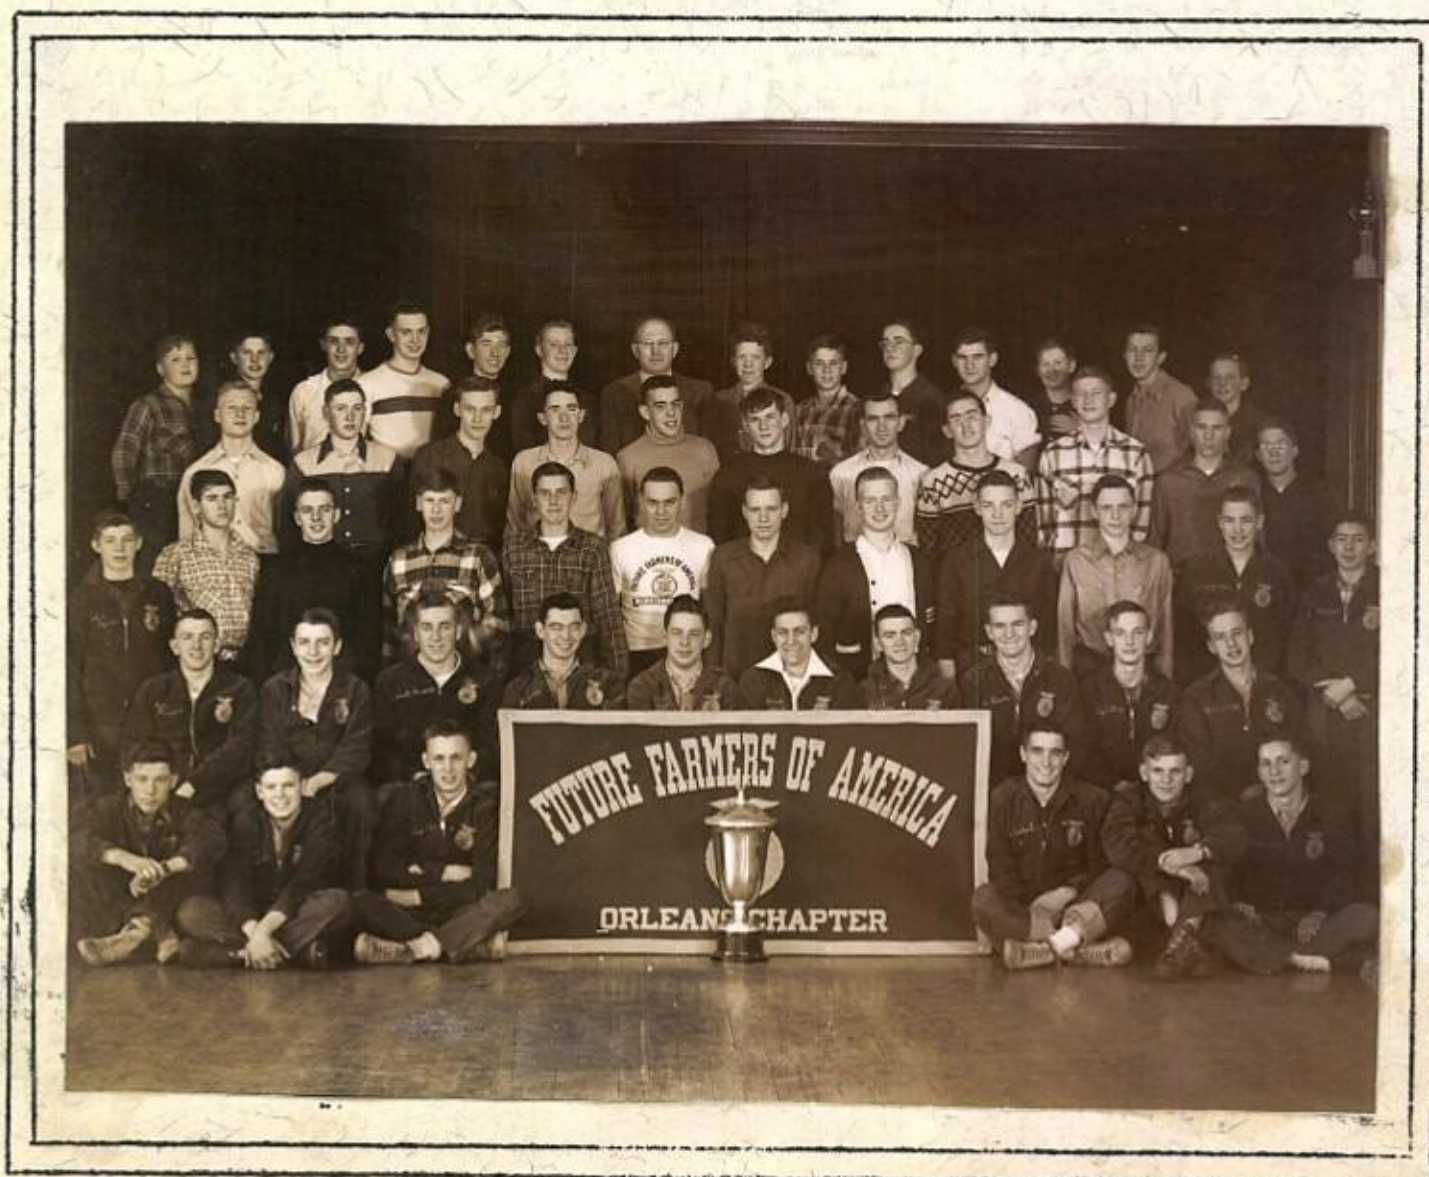

A valuable piece of equipment added to the chapter last year was a new camera with flash attachment and a light meter.

It is expected to improve our chance of winning the scrapbook contest.

Every year a sugar on snow party is enjoyed by all boys and girls taking vocational subjects; a dance usually follows and a good time is had by all. At some of the meetings basketball games are played with other chapters.

Public Speaking Contests are held at the spring district meetings, also project record books and scrapbooks are judged. The winners on the local level go to Randolph where the summer convention is held for all chapters in the state.

This chapter has taken a leading part in the school activities and all boys, whether taking agriculture or not, who are interested can belong. A very important motto that the Orleans Chapter of Future Farmers follows is: "Learning to Do, Living to Learn, Learning to Live, and Living to Serve."
